## Seniors '24

### *Abigael Beucler*

**High School:** The Academy at Penguin Hall

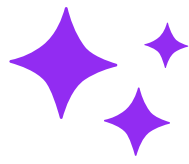

**September 2024:** I plan on attending Bucknell or Fairfield University to major in education or political science and minor in dance.

**Future Dreams:** I am interested in going into educational policy or possibly going to law school to pursue educational advocacy. I hope to be able to travel and teach dance on the side!

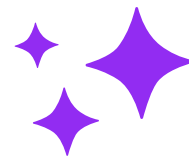

*"Dance has made me the person I am today because it has taught me to lead with grace in all areas of life. It has taught me what it means to dedicate yourself to a passion for a long time and the perseverance and meticulousness needed to improve any craft. It has given me a safe haven to express myself and learn who I am, which is a blessing that I now want to pass onto others. Most of all, it's shown me to not let anyone interfere with doing what you love, and that if you really love something, you can rely on yourself to show up for yourself. Thank you to the dance teachers that supported me and have given me great training! I would like to express my appreciation for all of my teammates over the years for dancing with me through it all and offering so much encouragement and love. I wish you all the best!"*
