Seniors '26

Lindsey Dolaher

High School: Ipswich High School

September 2026: I plan on attending James Madison University with a major in health sciences and a minor in pre-physical therapy.

Future Dreams: I hope to work in the physical therapy field and more specifically work with athletes in physical therapy.

"Dance has impacted my life in ways I never thought it could. I started off dancing when I was little as just a fun extracurricular. But, it has become something so much more than that. It is literally my life and it always will be. It showed me how to be confident with myself, how to express myself in different ways, and to try new things. Most importantly, it has given me a support system and family that I'll have forever!"

I have so many great memories at Elevate, but I loved travelling to Disney with my team and being able to perform there! No words could ever express how thankful I am for my teammates and teachers. They have both taught me so many life lessons, both in dance and outside of dance.

To my teachers - I truly do not know where I would be without your immense amount of support, guidance, and love. You have prepared me for the real world and allowed me to express myself in so many ways. You have seen me grow up and have shaped me into who I am today.

To my teammates/dance friends - you are where my love for dance really shows. I come into class everyday so excited to see you all and being able to share this passion for dance with you has been so special. You are my family now and you always will be. I love you with all my heart and I'm so blessed to have met amazing people like you.

I will miss everyone so much, and thank you Elevate for the best years of my life!

Taylor Coolidge

High School: Georgetown High School

September 2026: I will be attending the University of Tennessee with a major in sociology and anthropology.

Future Dreams: I hope to be a crime scene investigator.

"Dance has taught me the importance of hard work and has been the source of so many close friendships. One memory I have from my dance career at Elevate is the trip we took as a team to Disney where we got to perform at Disney Springs!"

To my dance friends and dance teachers: Thank you for everything you've done for me. You have all been my biggest supporters and have pushed me to be the best dancer I could be. You've been such an inspiration for me and I'm so grateful for all of you.

Thank you and I'm going to miss you all so much!"

Seniors. continued

Devyn Alantzas

High School: Triton Regional High School

September 2026: I plan on attending Salve Regina University with a major in clinical psychology on a 4+1 pathway to attain my master's in clinical counseling.

Future Dreams: I hope to become a therapist, working with teens and adolescents who struggle with mental health challenges.

"Dance has given me the space to express myself where words cannot. It gave me a safe space, when school and life got too hectic. Most importantly, dance gave me my best friends, the people I count on, and the most important people in my life. My favorite thing about dance was growing up with my best friends."

To my dance friends - words will never begin to express the love and gratitude I have for you all. You have made me who I am today, and I couldn't imagine a life where we all didn't grow up together. From tights and colorful shorts to now, you all have been by my side and a constant in my life. You've shown me the light on dark days and were always there for me when I needed someone to make me laugh (especially Ellie.)

As I begin the next step into my future, I want you all to know that no matter where I am, you'll always be my best friends, and I love you more than anything. Thank you for changing my life and making me a better person.

To my dance teachers - thank you for believing in me. You've given me not only a team, but also a family. If it hadn't been your endless support and dedication to us dancers, I wouldn't have been able to become the dancer I am today. You've always listened to us on hard days and pushed us when we wanted to get better. I am grateful to have grown up in this studio, and able to grow and flourish as a person."

 10:30 a.m. Performance
