Seniors '25

class of
2025

Abigail Rainsford

High School: Triton Regional High School

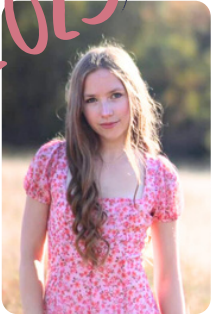

September 2025: I plan on attending UMASS Amherst for Elementary Education.

Future Dreams: I hope to become an Elementary school teacher.

"Dance has brought me some of my favorite memories. I also met my best friends through dance. It has been my favorite thing to do, and I am going to miss it so much! My favorite memory from my dance career at Elevate is dancing at Disney."

I want to thank my dance teachers for everything they have taught me, inside and outside of the classroom. I also want to thank them for always being there for me and being so supportive. I want to thank my dance friends for constantly bringing a smile to my face. I want to thank them for being the best friends I could ask for. I am going to miss them so much, and I don't know what I am going to do without them. It has been a privilege to dance with them the last 13 years and I am excited to continue to see what they do. I also want to thank my parents for the time and effort they put into dance!"

2025

Tia Speropolous

High School: Ipswich High School

September 2025: I will be attending the University of South Florida in Tampa.

Future Dreams: I am planning on double majoring in Dance (BFA) and International Relations.

"In the future, I hope to travel the world. Through dance at USF, I plan to take part in the Dance in Paris program, which takes dancers to France and other places in Europe to explore dance and the ways in which other cultures experience dance in both similar and different forms. After college, I hope to do international service work using my skills/fluency in multiple languages to help others."

The dance studio has always been the one constant in my life. Whenever school or work or any other aspect of life became difficult or stressful, I knew I could absorb myself in classes at the studio, spending time with others, and everything would sort itself out. Since the age of three, dance has been the one and only sport in my life and for a reason. Growing up as a competitive dancer and performer, I learned not only how to push myself but also how to encourage others. I feel that there is a necessity in being part of a team/community, such as what I've found at Elevate, in order to build bonds and discover the power of a unified group. For this reason, I hope to continue dancing in my future, using dance as another form of language to connect with those around me and find new communities wherever I go.

One core memory from my time at Elevate was from the very beginning of the studio's recent past. This night was back at the old location in the Tri-City Sales plaza after Kelly (Chadwick) had just repainted everything so beautifully. We were making a Halloween music video this night to a combo we'd just learned, and we turned on the big colored 'stage lights' and... the fog machine. Unfortunately, the fog machine was not tested beforehand, and the fire alarm went off and the fire trucks had to come. What a night!

Thank you to all the teachers that helped to make my time at Elevate so special and to all the friends I met here. I will miss you all tremendously in college!"
